7. **Technology** enabled classrooms
8. Highly **qualified & trained** teachers
9. Extensive focus on **arts, culture, physical** activities
10. A comprehensive range of teaching and **learning strategies**

Early Childhood

"My child prefers to be more at school than at home"

Sanjay

A Parent

Our Early childhood World called **LITTLE Millennium** is a happy, secured and age appropriate learning environment. From 'Developing Roots' to 'Emerging Wings' we nurture their inherent potential through thousands of play way learning activities that ensure that they are 'Ready to fly' into the primary world.

LITTLE Millennium follows the **Seven Petals Approach** to learning where every day is a joyful learning experience.

Seven Petals Approach

learning Outcomes : *Confident, Happy & well rounded*

Primary School

"You have enriched the lives of our children in more ways than you will ever know"

Rajana Kapoor

A Parent

Our lower school is introduced to an acclaimed, scientific, innovative and child friendly learning system called the **Millennium Learning System, Level I.**

The curious, questioning & experimentation child embraces the philosophy & pedagogy of **learning by doing, questioning** and **critical thinking.**

MLS 1 gives children an edge through its practical learning by encouraging them to do **Application based Projects** on every concept being learnt. This hones their self-confidence, emotional and social intelligence. Along with this they also become users of information-age technology tools that enhance their skills and communication.

Millennium Values along with its application based projects bridge understanding and life experiences to enrich our children's lives.

learning Outcomes: *Confident, Happy, well rounded, Communicative, Expressive*

Middle School

"The confidence, value and reasoning abilities exhibited by my child at this age astounds me"

Jessie Mathur

A Parent

Our middle school learners are transiting into young teenagers and want to find reason and logic to every thing they do. **Millennium Learning System, Level II** exposes them to the **Apprentice based** pedagogy and introduces them to role models who can guide, inspire, hone their skills, critically think and excel academically.

The pre teen journey is **intellectually** rich and **emotionally fulfilling**.

learning Outcomes : *Confident, Happy, Well rounded, Communicative, Expressive, Value based, skilled and intellectually sharp*

High School

"I was struggling to make my child focus and learn before he came to your school. The change here is remarkable"

Aruna.

A Parent

As our children transition to high school they are guided by our empathetic staff and the evolutionary **Millennium Learning System, Level III**. At this age, we know that individual achievement is important therefore we focus on providing personalised attention. We empower them to learn and achieve academic success through our **Mind Mapping Approach**.

MLS III **nurtures** & **motivates** the students to **excel in the board exams** and exposes them to various learning techniques that allows them to retain & recall concepts effortlessly.

learning Outcomes : *Confident, Happy & well rounded, Communicative, Expressive, Value based, skilled based, lifelong learner*

IT in Education

"Learning is as effortless as looking at our facebook page"

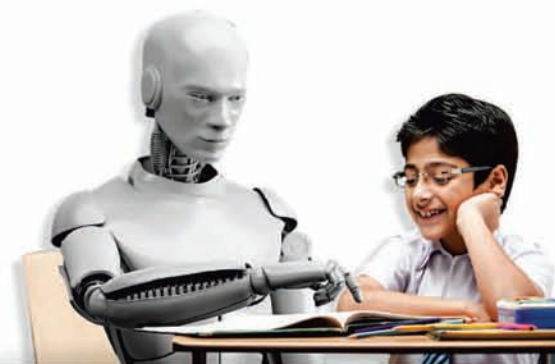

Suraj Singh

A Student

In our school, Educational technology is implemented with a **disciplined approach**. While understanding the needs of today's generation we use technology for learning, and also for instructions and tracking their performance.

Our **Technology enabled classrooms**, robotic labs and various teaching learning applications empower the Millennium children. Our technological tools harness the power of meaningful learning and help student to interact and share learning experiences with others across the globe.

Our children experience the journey of learning with the tap of a finger.

learning Outcomes : *Problem solving, Critical thinking, Analytical thought process*

Co-Curricular activities

"Every time I dance, sing or paint in school
I feel connected to my soul"

Akansha.

A Student

At our school every child is identified, recognised and nurtured through the unique **Talent Development Program (TDP)**.

Working on *Performing Arts* like dance, music, theatre, to *Creative Arts* such as photography, animation, Aerobics, Art & Craft and much more beyond the four walls of a classroom; we build the true inner self of our children.

Learning Outcomes: *Cultural Competency, Self Awareness & Inner Strength*

Sports

"I have learnt to be disciplined while focussing on my sports activities"

Pooja

A Student

Our **Council of Sports and Games** is a source of energy. From activities like horse riding, swimming, football, cricket, basketball, skating, badminton, tennis, aerobics, gymnastics and taekwondo, each sport is unique and every child gets an opportunity to select and enhance their skills in their area of interest.

Exposure to in-house activities, inter-school and inter-state competitions, bring out the much needed skill enhancement and confidence of the young generation.

learning Outcomes : *Leadership, Team player, Active & healthy lifestyle, Committed*

School Facilities

"As a parent my concern has always been the safety of my child and Millennium is truly the most secured place for her"

A Parent

A Parent

Safety and Security (1 to 8)

1. **Transport:** safe & secure buses for pick and drop facility
2. **GPS:** in every bus
3. **Helpers:** for every route
4. **Fire Safety:** fire exit plan with fire extinguishers
5. **Security guards:** trusted and registered
6. **CCTV:** ensuring a safe and secure child
7. **In house medical room:** for all
8. **Safe drinking water facility:** RO

Other Facilities (a to e)

- a. **Yoga and Meditation Room:** to keep calm and set the pace to learning
- b. **Library:** best place to find the most read books and build the avid reader in every child
- c. **Rooms to cater to indoor activities and games**
- d. **Composite labs:** for practical exposure
- e. **Robotic lab**

Our Vision and Values

Our Vision

 Millennium World School &  The Millennium School is committed to nurturing the inherent potential and talent of each child, creating lifelong learners who will be the leaders of tomorrow. With parents as our partners, we aspire to create global citizens who are innovative and have a strong sense of values.

The Millennium Charter – Values

We consider it vital to instil in students a strong set of core values. This, in turn, will help shape their lives and the world around them. Universal values and ethical codes of conduct are inculcated to enable them to build their future and benefit the society.

We focus on:

- * Values of honesty, compassion, tolerance and respect for others.
- * Development of democratic and secular values.
- * Respect for our country's rich and varied heritage and a sense of national pride.
- * Learning to contribute to humanity through cooperative efforts.

learning Outcomes : *Humility, Compassion, Perseverance*

Admissions

As you embark on this learning journey for your child, we thank you for your efforts and for choosing us. Investing in your child's future is the most important decision and requires a lot of thought and precision. We are happy to be part of your decision in joining the Millennium family.
